Dear Mr. Lebovic:

Please accept this gift as a token of our appreciation for all of the great work you do for the Jewish community. On behalf of the COR organization, we sincerely apologize for not attending to your request for certification soon enough and for not responding to you in a more timely and urgent manner. We should have been more attentive to your request and we were not. Someone with your accomplishments and of your stature deserves to be treated with dignity and great respect and we fear that we came up short. That was our mistake and we sincerely apologize.

Should you still wish to host kosher events we would be happy to work together with you to come up with a workable solution.

Thank you again for all of your generosity and goodwill to the Jewish community.

Yours very truly,

Hi

I know it is still early in the season however I wanted to provide some feedback as to our experiences playing at your course. I look after a group of around 12 seniors that get together and play twice a week. Last year we decided to make Lebovic the main Saturday venue.

I am speaking for all 12 to say that your staff are second to none. They are extremely friendly, professional and helpful. This goes for the all restaurant folks, the folks in the pro-shop as well as the starters and the marshals on the course.

We have now played 3 times this season and are planning at least a dozen more games this year and some of us are attending a few of your tournaments.

Thanks again for the hospitality and have a great summer. See you all on Saturday morning.

Hi Colin,

Just wanted to thank you and your staff at Lebovic for a wonderful services at the MS tournament on Monday.

The committee all agreed that despite the rain, we all had a great time and the turn out was great too. We have heard from many of the golfers and they all enjoyed themselves.

They gave great feedback on the food on the course, and the lunch and dinner, very much improved from last year.

Please let your team know we really appreciated their help with our every request.

Have a great season.

Hi Sam, Colin, Thomas, and Danny,

I wanted to thank you for a great day for our guests at Lebovic Golf Club yesterday (Sunday). All of our guest were treated to an unforgettable experience on and off your golf course for our charity golf event. From the fabulous golf experience on your world class golf course, the top-notch service from your staff throughout the day, the remarkable F&B throughout the day, the generous guest golf passes, and experiencing your Dr. Lebovic's vintage wine was unreal. Your generosity in helping our association raise money to help develop our youth across Canada, and helping our Not-for-Profit association is greatly appreciated. Please thank Dr. Wolf Lebovic on our behalf for being in attendance for the event, opening up his facility to us and our guests, and being a great Partner of the CJGA.

Thank you again, and we are looking forward to the future events at Lebovic Golf Club. All the best for the remainder of the 2019 golf season.

Cheers!

Dear Dr. Lebovic,

Thank you for your donation of \$245,000.00 to TanenbaumCHAT in support of the 2019 Tee off For TanenbaumCHAT Golf Tournament that we received on January 11, 2019. Our success depends on people like you who share our vision and whose contribution advances one of our most fundamental values – ensuring that the *TanenbaumCHAT Experience* remains equally accessible and inspiring for all our students.

Your gift supports programs both inside and outside the classroom. This enables us to maintain and expand our superior academic, Judaic, technological, athletics and arts offerings. It gives our educational community the opportunity for professional growth and development so they in turn can provide the signature programming that makes TanenbaumCHAT a school of distinction.

Many thanks for making TanenbaumCHAT one of your giving priorities.

Dear Wolf,

I would like to thank you very much for your generous support of the JNF Golf Classic. Your sponsorship of our annual golf tournament enabled us to break our fund raising records by a long shot.

We were very lucky that the rain held out and the players had the opportunity to enjoy the course. Sadly, you were not able to join us for the closing dinner. The caterer did an excellent job. We took the opportunity to thank you and Harry was gracious enough to come to the front of the room to accept a token of our appreciation for your generosity. I would like to have the opportunity to give it to you. Perhaps we could schedule a time for me to visit, either at your home or your office?

Again, we are so appreciative of your support for the golf tournament. Beyond that, we will always be grateful for your generosity as the largest donor in the history of JNF Canada.

Sincerely,

Lance

Dear Neighbour,

Your business is part of what makes our community the great place it is to live and work. Like you, Southlake Regional Health Centre is committed to our neighbours. Our focus is caring for the more than one million people who make this community home. We are proud to be a leader in caring for our neighbours from the very beginning of life until the very end, along with every key moment in between.

Thanks to our donors and partners, Southlake is here to ensure our family, friends and neighbours—your customers—have access to quality care that is close to home. This is why it's so important we come together to support the greatest needs of our hospital. Government dollars do not cover the costs of upgrading our facilities and equipment. We rely on the community, from individuals and families, to local businesses and corporations, to invest in making Southlake the best it can be for everyone who comes through our doors.

You may have seen the impact giving has had at Southlake already. Our redeveloped Interventional Radiology Suite and new, 3 Tesla MRI means shorter wait times and faster diagnosis and treatment for our patients. As well, because of donors, patients with urological conditions like prostate cancer, stones or obstructions will benefit from a new Uroview digital imaging machine that helps pinpoint disease faster and more accurately. Ongoing critical needs like beds, IV poles, and new lights in the operating rooms, all supported by donor dollars, contribute to better care for our community.

Our teams of physicians, nurses and staff can't give our community the best possible care without the right tools. We are reaching out to leaders in the community to ask for your support to kick off the new year. Investing in our hospital by making a donation sends an important message to our neighbours—it shows you care about your customers and your community.

There are many ways you can help. You can donate now by simply sending back the enclosed form with your donation so we can put it to work right away. And if you would like to do more—perhaps sponsor an event or create your own, engage your employees in doing their own campaign, or would like to connect your name to Southlake in a meaningful way, we'd be happy to discuss your ideas and options. Your support will go a long way and in building pride and loyalty amongst your employees and customers.

Your support is appreciated. If you would like more information or have any questions, please contact Southlake Foundation at 905-836-7333.

Thank you for being part of our Southlake family.

Dear Dr. Lebovic,

I am proud to present our fall/winter edition of *HEARTBEAT* filled with groundbreaking developments at Shaare Zedek Medical Center in Jerusalem. The impact of your generous support can be found throughout the enclosed newsletter.

There are many exciting changes happening at the hospital. Most notably, Professor Jonathan Halevy announced earlier this year that he would be stepping down from his role as Director General as of March 1, 2019 and Dr. Ofer Merin, currently head of cardiac surgery, will be his successor. We are excited about what the future holds with Dr. Merin's appointment.

We've also highlighted the outstanding work of Dr. Ephrat Levy-Lahad, Head of Medical Genetics at Shaare Zedek, who has won the prestigious Emet Prize. Her work led to finding a gene connected to Alzheimer's disease, as well as groundbreaking research that has led to the development of fetal pre-implantation tests, which will ultimately develop a test to screen pregnancies for unwanted mutations.

This fall, we held several unique and successful campaigns that have raised significant funds that will directly benefit the hospital's neonatal intensive care unit (NICU).

It is due to your most generous support that we can continue to improve patient outcomes, fund research and advance medicine in Israel and abroad.

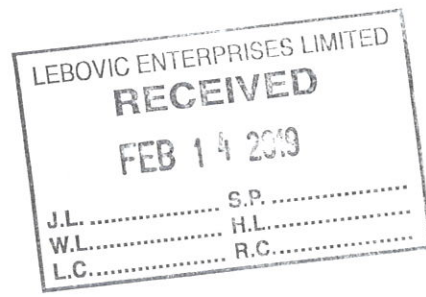

On behalf of the Board of Directors of The Canadian Shaare Zedek Hospital Foundation, thank you again for your continued partnership and support of medical excellence.

Warmest regards,

Lisa Colt-Kotler

Sally—would you please print this for Wolf? Thank you.

Dear Wolf,

I am delighted to confirm that the Minister of Finance, in his budget speech to the House today, confirmed that SickKids' capital project is in the province's capital budget over the next years. This is very welcomed news, and provides a high degree of assurance that we have the Province's support, and I believe fulfills your condition that we have this Government's support for the project.

Katie Taylor, Chair of SickKids Foundation Board of Directors and Chair of the Royal Bank of Canada, Ted Garrard, the Foundation's CEO (for whom I work), and I would like to come to meet with you in person at your earliest convenience to resume discussions about your support of the project. In the last month, we have had another transformational donor step forward and without condition make a commitment and first payment to secure one of the major opportunities I discussed with you. Ted and I want to brief you on this development and discuss how you can help us meet our transformational objectives and receive major, immediate, University Avenue recognition. I believe you will be very pleased.

I will call Sally to start scheduling a time. We are excited to be moving forward!

Hi Sam and Colin.

Just a note to say thank you – we had a great day on Wednesday – even though the weather didn't cooperate ! Here is one of the comments that we received back after the event:

"Just wanted to say thank you again for the day. It was the best golf event I have ever attended, everything was first class. "

We appreciate the opportunity that has been provided to us over the past 2 years to be able to host our golf tournament at your tremendous facility.

I hope we are invited back to host our 3rd annual !!!!

Thank you for all of your support over the past 8 months as we have prepared for our event. I hope you have a great weekend and look forward to seeing you both in the near future.

Dear Sally:

Could you print this note off for Wolf, and then may Wolf and I speak Thursday or Friday to follow up?

Thank you,

Kevin

Dear Wolf,

My CEO and I met with the Hospital CEO today, and we have updates on the Government's support for the project.

We have received advice that the April 11 Ontario budget is now the preferred way for the Government to confirm its support for the SickKids building project, and that anything we hear next week may not be as definitive as we or you need.

We are very mindful to not waste your time, so would like to defer any meeting with the Ministry of Health until after the budget—and it may not be needed at all if we have a clear statement from Government that support is in place.

I wanted to advise you of this right away. I've also asked Sally to speak with you tomorrow to follow up on this note.

Thank you, Wolf.
