Dear Mr. Lebovic,

I hope this letter finds you well.

I am pleased to share with you the enclosed report on the Joseph and Wolf Lebovic Chair in Hepato-Pancreatico-Biliary (HPB) Surgery. The report highlights the latest work and accomplishments of Dr. Steven Gallinger and his talented team in their work in HPB Surgery including its fellowship program.

These remarkable achievements would not be possible without you and your brother's generous support. Your commitment is extremely meaningful to Dr. Gallinger in his groundbreaking efforts to improve care and quality of life for patients with pancreatic cancer.

I hope you will find the report to be informative and inspiring.

Dr. Gallinger and I would be happy to set up a virtual meeting should you wish to further discuss the report.

Once again, our warmest thanks for your generous support and commitment.

Best regards,

Tennyson Hanson
